Within the couple of hours Ubisoft launched their brand new website for the upcoming PSP RPG Tales of Eternia! This latest Namco title will be on sale on the 9th of February. Here's a summary of the games top features...

- An entire world in the palm of the hand : Players can control one character out of a party of four through magnificent fantasy 2D environments and 3D world maps.
- Acclaimed battle system Innovative "Tales of" Linear Motion Battle system; different striking techniques, real-time combos and spells
- Diverse gameplay : A collection of challenging mini-games perfectly integrated into the story allows the characters to earn unique features
- Accessible gameplay : Players can quickly learn impressive moves and combos, offering a massive range of possible attacks
- Incredible lasting appeal : The players travel through cities, regions and continents to learn about their destiny and change the fate of their world.
- Build up your own heroes: A gigantic number of different items, equipment and spells.
- PSP optimization: Not a single load time during the whole game, renewed game experience taking advantage of the PSP™ wide screen
- Motoi Sakuraba's original soundtrack : Magnificent music from Motoi Sakuraba, the famous RPG music composer.
